

Adopt Me

Shylo

Breed: German Shepherd

Size: 30lbs

Location: Chilliwack, BC

Age: 12 years

Sex: Female

Altered
(Spayed, Neutered, etc): Yes

Description: Shylo loves to be loved, and sinks her whole body into a hug, enjoying every single moment of it!

Her thyroid issues are starting to settle out and we are just waiting for her last test results to be able to adjust her medication. It's easy to see though, that she is already feeling much, much better :)

Shylo is a complete love, and would love a home that will give her as much love as she has to give.
