## Tyson

**Breed:** German Shepherd

**Size:** 80lbs

**Location:** Quesnel, BC

**Age:** 5 years

**Sex:** Male

**Altered**  
(Spayed, Neutered, etc): Yes

**Description:** Tyson is great with other dogs both large and small, house trained, and knows basic commands. He has started pulling me on his ski's (skijoring) which helps him burn off some of his energy. Tyson likes to play with toys, and likes the water. Would do best in an active experienced home, with a secure fenced yard. Tyson wants to be someone's constant companion, and is a softy, very sensitive, and doesn't need much in way of correction.
